

How to Specify: VPIA-60H-DEL

VPIA-60H-DEL Inline Venturi Vacuum Pump w/ Atmospheric Release Standard Specifications:

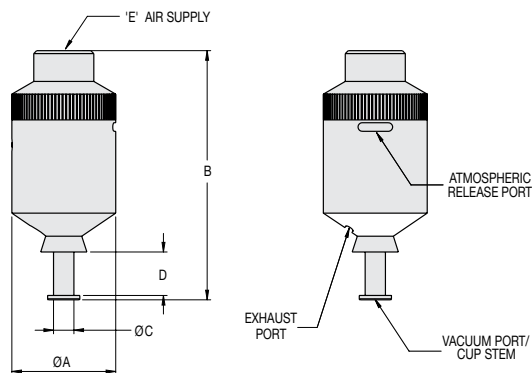

- Pump Material:** White Acetal body, brass cartridge, Buna-N seals
- Medium:** Filtered (50 micron) unlubricated, non-corrosive dry gases
- Operating Temperature:** 32 to 120 °F [0 to 99 °C]
- Operating Pressure:** 45 PSI [3.0 bar]
- Air Supply Port:** 10-32 Female press fitting for tubing
- Vacuum Port:** 0.35 diameter barb

Performance is equivalent to a VP10-60H. See Mid Series Performance Data on Page 3.54

Specifications:

- Weight:** VPIA-60H-DEL 1.36 oz [38g]
- Noise Level:** 78 dB
